The bass station and v-station are the most popular MIDI controllers on the market and popular again thanks to the latest plug-in programs. Because of that, Novation released an upgraded version of its classic VSTi's a few months ago and today we will be taking a look at the VSTi. The Bassstation is a semi-modular, standalone, analogue, monosynth keyboard for the PC. Although it is rather small in terms of the size of the keyboard, it is anything but small inside. In fact, it is not a conventional keyboard, but a combination of a keyboard, a synthesizer, a mixer and a controller. The only thing that I don't like is that you can't change the velocity sensitive MIDI mode from soft to hard. Novation Bass Station v1 4 Crack is a workable MIDI controller for the PC. I've used the Bassstation for years and have given it the cold

shoulder for years but, for some reason, I downloaded the Bassstation VST a few weeks ago.

A quartz crystal microbalance (QCM) with a MQM film was fabricated for the detection of bend deformation of a thin gold film

coated on the piezoelectric quartz crystal. The resonance frequency and dissipation peak shift of the QCM increased slightly with an increase in applied voltage from 0 to 100 V. The bent QCM was characterized by an oscillation circuit model using a Z-factor, which is a measure of how well the QCM is performing. The frequency shift and dissipation peak shift of the QCM declined significantly from 0.76 to 0.02 in a dose dependent manner with a single treatment at different voltage levels. The results indicate that the Z-factor of the QCM is decreased by bending, which is attributed to the change

At first we saw Audi's quattro watercraft on the floor of the Frankfurt Auto Show and now we're treated to a virtual reality tour of the car's cockpit. On the invite list for Frankfurt was a top-notch group of British journalists, including Esquire's Charles Slater and Car & Driver's Ed Loh. We took the first A8 model Audi recently drove on the Frankfurt show-floor, an A8 L with the now-standard Sport line-up. And what a treat they had - the virtual
